Inter-Office Memorandum

TO: DISTRIBUTION **DATE:** SEPTEMBER 28, 1993.
FROM: GREG FOWLER **REF:** A:WSETSWG2.GLF3
SUBJECT: WORKSAFE ETS WORKING GROUP

On September 28, 1993 I again spoke with Angela Emslie. She corrected a misperception I had concerning the continuing work of the EWG.

The EWG will continue to work on preparing Guidance Materials concerning smoking in general workplaces. The emphasis of these general materials, however, will be special problems in the hospitality industry. Thus, the materials being worked on by the EWG will have wider effect than I reported earlier.

Angela reported that she had used much of the draft materials I provided her in response to the second Draft Issues Paper. She will send me a copy by mail.
